

Pool Blaster FAQs

Q: How long will the Pool Blaster run on a full charge?

A: **Pool Blaster MAX and MAX CG** - About 1 hour;
Pool Blaster Catfish - About 35 minutes;
Aqua Broom - 3 hours on 1 set of "D" cell batteries

Q: How long will it take to recharge a Pool Blaster?

A: Between 6 and 8 hours

Q: How long does the battery last?

A: It is rated at 1,000 hours, or about five years using it as frequently as 200 hours a year, more often than most pool owners will ever use it.

Q: Can I buy a new battery?

A: You must purchase a battery motor box, which contains the battery, but you probably will not need one for about five years.

Q: How difficult is it to clean and replace the filter bag?

A: It is very easy and should only take you a minute or two to remove, clean and replace the filter bag.

Q: How long will a filter bag last?

A: About five years.

Q: How often should I clean out my **Pool Blaster Filter bag**?

A: If you notice that the Pool Blaster is not picking up debris as you vacuum the pool, this is an indication that the bag needs to be emptied. The bag should always be emptied at the end of each use to prevent small particles from drying in the fabric and clogging the bag.

Q: Are there any hoses?

A: There are no hoses, **the Pool Blaster is battery operated** and completely self contained.

Q: What do I do if my **Pool Blaster has stopped taking a charge**?

A: You can call the Water Tech Customer Service Department at (800) 298-8800 for a **Return Merchandise Authorization (RMA)**.

Q: Fine sand and silt is passing through my all-purpose filter bag, what can I do?

A: You can obtain a finer, 10 micron sand & silt (algae bag).

Q: What is the difference between the Aqua Broom, the Catfish, the Pool Buster Max and the Pool Buster CG?

A: Primarily the differences lie in their features and performance capabilities.
